Indonesia consists of more than 17.000 islands with around 235 million inhabitants. Indonesia is one of the most developing countries in Asia. Its main industries such as crude oil and natural gas, textile, garment, shoes, mining, automotive, chemical fertilizer, furniture, food, and tourism.

Indonesia is not only rich in its natural resources, but also in human resources with skilful manpower. Participation level of workforce in 2014 was 92%. Trained and skilful manpower who is not employed in domestic level becomes reference for this worker to go overseas.

In tourism industry, many skilful manpower are produced and acknowledged all over the world. IT Industry in Indonesia also grows fast and rapid. Oil and gas, automotive, textile to health sector also have extraordinary workers. In general they pursue experience working overseas.

Their destination countries such as Middle East area (Saudi Arabia, United Arab Emirates, Qatar, Bahrain, Oman), Asia Pasific (Singapore, Malaysia, Taiwan, Korea, Brunei Darussalam, Hongkong) and Europe and Australia.

We, Abul Pratamajaya have assisted many clients to meet their manpower demand. We have database of trained and skilful Indonesian manpower as potential candidates to fulfil your manpower needs.

We give our best attempt for clients and candidates and always ensures that the candidates are not only fit in assigned work, but also suitable with company culture. You might securely deliver your manpower needs to us and we will be able to find suitable candidates for your needs.

SUPPORTING ASSETS

Training Facilities

We have our own training facilities which includes Language classes, Housekeeping, Cleanliness & Hygiene classes, Electricity, Mechanical, and other specific training needs.

Health Examinations

Every applicant is subjected to strict medical examinations through accredited Clinics as assigned by the Embassy in the country where they will be working. This is to ensure that they are physically and psychologically fit to qualify for overseas employment.

Recruitment Process

We only recruit potential candidates, and for this, we have a very tight recruiting selection process

Training Program

Training workshops are provided for Housekeeping, laundry, meal preparation and nursing etc. PT Abul Pratamajaya has developed its own modules and methods which meets our Clients International high standards.

Our Advantages

- We have excellent database for International Placements in all major spheres of employment.
- We have experienced staff members with extensive working knowledge of the international industries
- We work in tandem with several international recruitment consultancies, assisting with them with immigration and international legislation requirements.
- Our cordial relations with Airlines, Travel agents, Government authorities and Consultants / Embassies are an added asset.
- We have our own training facilities that have capacity up to 800 students with high standard equipment supported by certified instructors.

STRUCTURE

HOW WE DO IT?

As company providing international recruitment service, giving consultation on immigration is one of our service packages we give to our clients and partners. In addition, the following are some services also benefits we offer:

Consultation and Manpower Preparation

After the potential candidate fulfilling the requirement, the next measure is selection test (oral and practice), by user (employer) or authorized representative. Thus we shall prepare in details from travel, accommodation, and others, in order to ensure that the candidate shall be ready pursuant to the schedule.

If we are authorized to select and test the candidate, we shall implement those with experts' assistance. Even for technical and professional work category, the test shall be directly under monitoring of our management leader.

Medical Check Up

Company's and positioned country's regulations are obligated the foreign workers to be in healthy and fit on duty. This matter requires us to ensure that each candidate is physically and mentally healthy and ready to work according to his field. Therefore general medical check up is obligated to be implemented toward the candidate. We apply 2 phases of check up before the selection and before the departure.

Visa Assistance

We are aware toward the complicated inter countries recruitment procedure. We prepare special staff who is ready to provide quick service and reliable for you who wants to visit Indonesia and for the worker to be departed overseas. For chosen candidate, we shall file visa application in the embassy immediately. We have processed million of travel documents and this shall be guarantee that your visa shall be handled as fast and accurate as possible. Our visa service is applicable for the following fields:

- Working Visa for worker
- Visiting Visa for agent/ company

Travel Preparation

We are responsible to process travel document, visa, ticket, and others for chosen candidate. We do this for our client and candidate interest. With partner's back up, we set the ticket, accommodation, and all required documents.

Orientation Program

Before the departure, we implement orientation for worker in order to know various important aspects such as working culture in employer's company, industrial practice, security issue, labour law and other matters. This shall be useful as preparation and shorten adjustment time to work in new place, also their successful travelling.

We act as facilitator, mediator, to increase worker quality.

For client, we offer the best combination of price and service which is adjustable to their needs.
